

International Society of Quantum Biology and Pharmacology

THIRD Announcement of the 2004 ISQBP President's Meeting

Societa' del Casino – Teatro Sociale, Como, Italy

June 5 – June 8, 2004

(Please note that these are **revised** dates for the meeting!)

Sessions

DNA Recognition, Replication & Repair

Computational Enzymology

Transition Metals in Chemistry & Biology

Computational Methods in Drug Discovery

Simulations of Membrane Proteins

Plenary Speakers

Tim Clark

Erlangen, Germany

William Jorgenson

Yale, USA

Per Siegbahn

Stockholm, Sweden

Harel Weinstein

Cornell, USA

Speakers

Johan Aqvist

Uppsala, Sweden

Frank Blaney

GSK, UK

Heather Carlson

Michigan, USA

Christopher Cramer

Minnesota, USA

Bert de Groot

Goettingen, Germany

Marcus Elstner

Heidelberg, Germany

Mark Erion

Metabasis, USA

Ettore Fois

Como, Italy

Peter Gill

Nottingham, UK

Alexander MacKerell

Maryland, USA

Adrian Mulholland

Bristol, UK

Modesto Orozco

Barcelona, Spain

Roman Osman

Mt. Sinai, USA

Jens Sadowski

AstraZeneca, Sweden

Brian Shoichet

San Francisco, USA

Martin Stahl

Roche, Switzerland

Emad Tajkhorshid

Illinois, USA

Darrin York

Minnesota, USA

Symposium Organizers

ISQBP

Nigel Richards

Department of Chemistry

University of Florida

Gainesville, Florida, USA

Email: richards@qtp.ufl.edu

Ettore Fois & Gloria Tabacchi

Department of Chemistry,

Physics & Mathematics

University of Insubria at Como

Como, Italy

Email: fois@fis.unico.it

Email: gloria@fis.unico.it

Local Organizing Committee

Maria A. Vanoni

Department of Biomolecular

Sciences & Biotechnology

University of Milano

Milan, Italy

Email: maria.vanoni@unimi.it

Meeting Schedule

	June 5	June 6	June 7	June 8			
08:45-09:00		Welcome	Computational Enzymology	Member 1	08:30-08:55		
09:00-09:35		Transition Metals in Chemistry & Biology		Large-scale Simulations of Membrane Proteins	Member 2	08:55-09:20	
09:35-10:10					Member 3	09:20-09:45	
10:10-10:45					Break	Member 4	09:45-09:55
						Member 5	09:55-10:20
10:45-11:15		Break	Break		Break		
11:15-11:50		DNA Recognition, Replication & Repair	Free Time	Computational Methods in Drug Discovery			
11:50-12:25							
12:25-13:00							
13:00-14:30		Free Time	Free Time	Lunch			
14:30-15:05				Computational Methods in Drug Discovery			
15:05-15:40				Closing Remarks			
15:40-16:15				Free Time			
16:15-16:30							
16:30-17:00		Registration	Poster 1	Poster 2			
17:00-18:00	Reception	Plenary Session	Plenary Session				
18:00-19:30				Banquet			
20:00-22:30							

The meeting will follow a "Gordon Research Conference" format, and is designed to allow ample time for participants to interact socially and scientifically. All participants should plan to arrive no later than Saturday, June 5, 2004. The registration costs will include attendance at the reception and banquet, a lunch on the third day of the meeting and refreshments during the morning breaks. In the interests of collegiality and scientific interaction, the number of participants will be limited to approximately 140 - so register early for this exciting meeting!!

Location and Accommodation

The meeting will be held in Como, Italy, which is a beautiful resort area in the Alps on the Swiss/Italian border. There are a variety of hotels and hostels in the area for the use of meeting participants. Directions for making housing reservations for the meeting will be provided after receipt of your registration form.

For further information and registration materials, go to the following web site:
